

DAS Environmental Expert GmbH

DAS is a leading environmental technology company in the development, manufacturing and maintenance of innovative solutions for waste gas treatment and wastewater treatment. International leaders in the solar and semiconductor industry as well as the food and cosmetics industries are using DAS' technology. The company offers turn-key solutions providing a broad range of capabilities in research & development, manufacturing, installation, operation, monitoring and maintenance. More than 400 employees worldwide work on the continuous development of our products and solutions. With offices in China, Taiwan, Singapore, USA, Argentina, Peru and Hong Kong DAS positions itself as a multinational, future-oriented company.

Directions

How to get there by car from the city centre of Dresden:

From St. Petersburger Str. drive onto Bürgerwiese, Wiener Str., or Strehleener Str.

Follow B172 Teplitzer Str. (in the direction of Pirna), after approx. 2 km turn right into Wilhelm-Franke-Str. (K6203).

Take the second exit at the roundabout and continue to drive approx. 2 km out of town (follow the signs "A17") until you get to DAS on your right side.

How to get there by car from the A17 interstate:

Drive onto the A17 c and take the exit 4 "Dresden-Prohlis", turn right in the direction of Freital (S191n). Turn again right at the next traffic light in the direction of Dresden (Auto-bahnmeisterei), follow this route 500 m until you get to DAS on your left side.
