

**Green technology and purple heart: DAS Environmental Expert GmbH**

DAS Environmental Expert GmbH is a leading global environmental technology company headquartered in Dresden, Germany, with 10 additional offices in Asia, the United States and South America. With the highest level of industry expertise in industrial waste gas abatement and water treatment, we have been ensuring environmentally friendly, safe and efficient industrial processes since 1991. More than 850 employees worldwide work on the continuous development of our products and solutions. Our customers are mainly from the semiconductor and solar industries, the food and beverage industry and the cosmetics industry. In doing so, we meet the highest quality standards of German Engineering.

# Directions

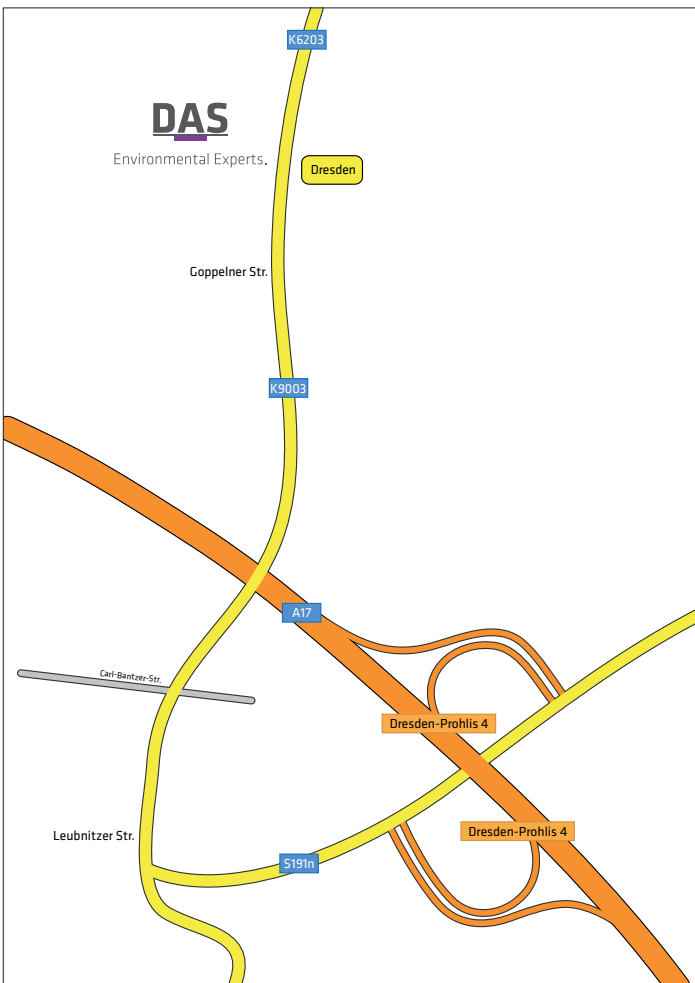

## How to get there by car from the city centre of Dresden:

From St. Petersburger Str. drive onto Bürgerwiese, Wiener Str., or Strehlener Str.

Follow B172 Teplitzer Str. (in the direction of Pirna), after approx. 2 km turn right into Wilhelm-Franke-Str. (K6203).

Take the second exit at the roundabout and continue to drive approx. 2 km out of town (follow the signs "A17") until you get to DAS on your right side.

## How to get there by car from the A17 interstate:

On the A17 take the exit 4 "Dresden-Prohlis", turn left in the direction of Freital (S191n). At the next traffic light turn right in the direction of Dresden (Autobahnmeisterei). Follow this route for 500 m until you reach DAS on your left side.
